## **DETAILED ACTION**

### ***Information Disclosure Statement***

The references cited in the Information Disclosure Statement dated 10/21/2010 have been considered.

### ***Allowable Subject Matter***

Claims 26, 34-35, and 39-40 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach the limitation "wherein said optimization criteria are related to an input to said pre-emphasis filter, and are further related to an input to a voltage controlled oscillator of the fractional-N phase locked loop unit and not to an output to the voltage controlled oscillator of the fractional-N phase locked loop unit."

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
